

Naval Base Kitsap

Website: www.nbk.navy.mil

Naval Base Kitsap (NBK) was established on June 4, 2004 through the merger of Naval Station Bremerton and Submarine Base Bangor. NBK has sites at Bangor, WA and in the city of Bremerton, WA. NBK actively pursues close and mutually beneficial relationships with its surrounding communities.

A. Naval Base Kitsap - Bremerton (NBK-Bremerton) is comprised of 203 acres in the City of Bremerton. Its architecture and landscape are a blend of modern facilities and buildings with trees dating back to the turn of the century. In total, NBK-Bremerton encompasses 419 acres in three geographic locations (Naval Base Kitsap - Bremerton itself, Jackson Park and Olalla Military Family Housing areas).

B. Naval Base Kitsap - Bangor, WA encompasses 7,201 acres. It serves the Navy as a home port for the TRIDENT Submarines. Industrial activities include incremental submarine overhauls, modernization and maintenance; assembly and processing missiles and components; and training military and civilian personnel on the latest military technologies.

* **Submarine Squadron Seventeen's** mission is to support the four submarines and crews that make up the strategic deterrent force in the Pacific. To accomplish this mission, the squadron is staffed with numerous subject-matter experts, who constantly monitor the operational and tactical readiness of the submarines and their crews. The squadron staff consists of 17 officers and 60 enlisted people.

* **Submarine Squadron Nineteen's** mission is to support the six submarines and 12 crews that make up the strategic deterrent force in the Pacific. To accomplish this mission, the squadron is staffed with numerous subject-matter experts who constantly monitor the operational and tactical readiness of the submarines and their crews. The squadron 19 staff consists of 17 officers and 60 enlisted people.

* **Naval Submarine Support Command's** mission is to centralize administrative and support functions, economize resources and provide a common pool of experts to support the submarines and staffs of Submarine Squadrons Seventeen and Nineteen, visiting and other assigned units, including submarines in availability at PSNS. Specific areas of responsibility include Administration, Personnel, Medical, Legal, Chaplain, Supply, Combat Systems, Material, Communications, and Operations.

Commander, Submarine Group 9

Website: www.csg9.navy.mil

Commander, Submarine Group 9 (COMSUBGRU 9) is the senior Submarine Force command in the Pacific Northwest Region, and the U.S. West Coast. It is located at Naval Base Kitsap - Bangor, WA. COMSUBGRU 9's mission is to deter threats to the United States and its allies within the Pacific Fleet area of responsibility. And, should deterrence fail, it would employ forces to achieve National Objectives. Additionally, its mission is to ensure the overall readiness of assigned SSBS, SSGNs, SSNs and cognizant support organizations.

TRIDENT Training Facility, Bangor

Website: www.npdc.navy.mil

In April 1991, TRITRAFAC, Bangor became the first and only Department of Defense School accredited by the Northwest Association of Schools and Colleges. Building upon this accreditation it signed an articulation agreement with City University in 1994 and Olympic College in 1997 as well as an educational services agreement with Old Dominion University in 1998. These agreements have significantly expanded the educational opportunities for area navy personnel. Sailors can now obtain two-year certificates of course completion in the following areas: Marine Mechanical Systems; Marine Electrical Systems; Marine Electronic Systems; and Marine Computer Systems.

The mission of the Trident Training Facility is to train officer and enlisted personnel in the basic knowledge and skills required to build competence and proficiency in operating and maintaining the TRIDENT submarine and all associated systems. The mission is to include providing basic, advanced, functional, refresher and team training to TRIDENT submarine crew members and submarine support personnel in order to increase and maintain knowledge and proficiency in specific skills. And, to include providing specialized training and to perform other such functions and tasks as may be assigned by higher authority.

Trident Training Facility, Bangor is committed to community service. The command is actively involved with the local community. TTF personnel volunteer their time to support the Silverdale Water for Life Program, the Dyes Inlet Cleanup Program, The Personal Excellence through Cooperative Education (PECE) Program and the Drug Education for Youth (DEFY) Program.

Puget Sound Naval Shipyard & Intermediate Maintenance Facility

Website: www.psns.navy.mil

Puget Sound Naval Shipyard & Intermediate Maintenance Facility (PSNS & IMF) occupies two locations in Kitsap County, WA. In Bremerton, it is comprised of 179 acres of property bordered on the south by Sinclair Inlet, on the west by Naval Base Kitsap - Bremerton, and on the north and east perimeters, by the City of Bremerton.

PSNS & IMF also operates Intermediate Maintenance Facility, PACNORWEST, at Naval Base Kitsap - Bangor. It is the Pacific Northwest's largest naval shore facility and one of Washington State's largest industrial installations. PSNS & IMF is focused on providing its customers with quality and cost efficient maintenance and technical/ logistical support. It works actively to establish close and mutually beneficial relationships with the City of Bremerton and Kitsap County.

Naval Undersea Warfare Center Division Keyport

www-keyport.kpt.nuwc.navy.mil

The Naval Undersea Warfare Center (NUWC) Division, Keyport, WA, is a shore Command under the Naval Sea Systems Command, Washington, D.C. It is one of two divisions of the Naval Undersea Warfare Center, which is headquartered at Division Newport, Rhode Island. NUWC's mission is to test torpedoes, provide training in the maintenance and repair of torpedoes and to evaluate the effectiveness of torpedoes.

Fleet and Industrial Supply Center (FISC) Puget Sound

www.puget.fisc.navy.mil

Fleet and Industrial Supply Center (FISC), located in Bremerton, WA is one of six FISCs supervised by the Naval Supply Systems Command. They provide a one-stop supply and logistics service delivery mechanism in which ships can obtain all logistics and port services. Their "Material Processing Center" provides custom sorting and delivery services.
